Dated Chandigarh, the 20.04.2018

Subject: Regarding re-deposit of unspent balance by Departments.

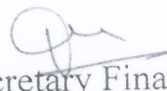

Kindly refer to the subject noted above.

Finance Department has released about Rupees ten thousand crore in the month of March, 2018 under different Heads. Finance Department observed that in majority of cases, the Departments may have actually utilised the funds. However, in some cases especially under grant-in-aid component, funds may not be actually utilised and may lie with Departments as unspent balance.

Hence, for better management of State resources, it is imperative for Department(s) to re-deposit the unspent funds available with it in Treasuries by 30/4/2018 under intimation to the Finance Department.

However, it is pertinent to mention that requisite funds will be released to the Department(s) as per their requirement in 2018-19.
